Subject: Fw: three questions for fracking story

Terri,

I know we have desk statements for WashCo and Dimock. I guess we should have one for Butler. Do we know which division has the lead?

Please advise. Thanks,

David

Subject: three questions for fracking story

1. Please give background and update on status of well-testing in Dimock, Pa.

2. Please clarify the focus of the investigation in Washington County, Pa.

3. Two women from Butler County, Pa., **Ex. 6 - Personal Privacy** asked the federal EPA to step in and investigate well development in their neighborhood in Connoquenessing Township. The women, neighbors, have had problems with well water and have gotten sick, gotten rashes from showers, etc. They were not satisfied with response from the state DEP. They never got a response to their requests for help.
